IP right
key to International Competitiveness !!

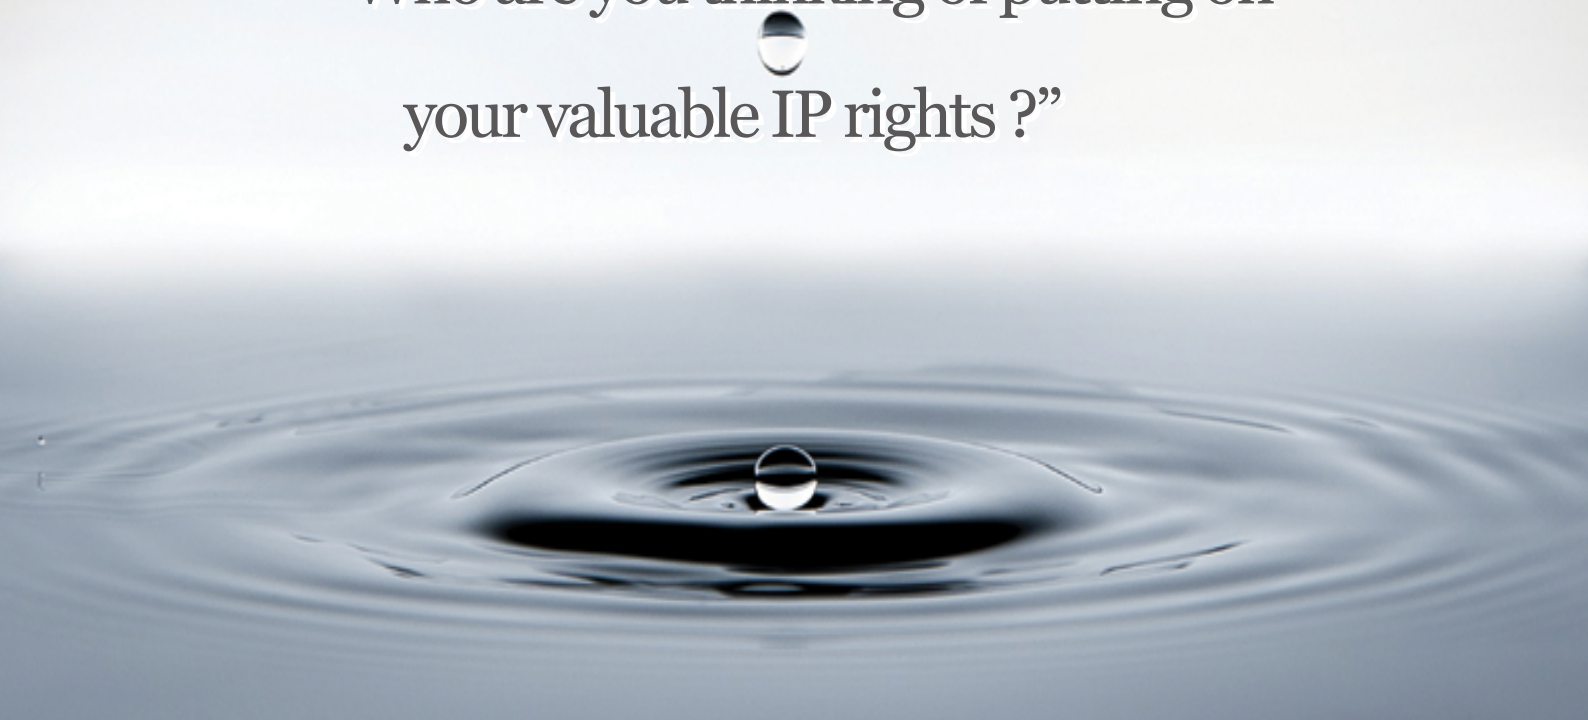

Protecting Your valuable IP asset

Advising the most successful strategy

Providing a World-class Service

Protecting Your valuable IP asset

“Who are you thinking of putting on
your valuable IP rights ?”

Reliable service in Intellectual Property

To success in the global market, it is necessary to value your IP rights correctly through a reliable expert.

Manmin IP & Law was founded in 2003 by Nak Hoon, Seong (Senior Patent Attorney).

Over the last 10 years, we have grown sustainably to become one of South Korea's reliable firms of patent and trade mark attorneys.

With a strong network of global partnerships, we offer our clients a truly international service.

We work at the forefront of developments in international intellectual property, building on our extensive experience, with a thorough understanding in patent, trade mark and design law.

From individual private inventors through to large corporations, our client list spans an expansive range of sectors.

We keep our clients' requirements in mind and provide the best advice to achieve an international competitiveness in the global market.

Our unique combination of experience, commercial awareness and specialist legal knowledge means we can provide them reliable service in the fields of patents, trade marks and designs.

Advising the most successful strategy

“What is the most successful strategy
in global market?”

Experienced Advisor for your business

We provide our clients with substantive and useful advice in all aspects of Korean and international patent, design and trade mark law through our excellent legal knowledge.

Also, we suggest the most competitive strategy for your global business by using your IP assets through our extensive and reliable international partnership.

Our team of attorneys consists of former patent examiners in Korean Intellectual Property Office who pride themselves on the efficiency and accuracy of their work.

Management team is made up of global talented people who have a great store of practical knowledge in Korean and international intellectual property.
